CHAPTER 3 |||||EN

*Here we are at Chapter 3 of TAAC, our brand dedicated to cycling apparel and textile accessories, blending in its DNA the “easy and smart” spirit of Tucano Urbano with the concreteness that has always defined the Mandelli way of working.*

*Two years ago, what pushed us to embark on this new adventure was the experience and expertise of Tucano Urbano’s designers in creating technical garments that are comfortable, innovative, and accessible to everyone. Today, what fuels even more enthusiasm and passion for this project is the constant attention we receive both from industry professionals and from cycling enthusiasts.*

*Thanks to innovation and the value of the 2026 new collection, TAAC CYCLING aims to stand out in the market as a reference brand for riding with an extra gear.*

The background of the slide is a photograph of a cyclist riding on a dirt path, overlaid with a semi-transparent orange filter. The cyclist is in the lower half of the frame, leaning forward in a racing posture. The path is surrounded by dry grass and some trees in the distance.

**TAAC is an  
onomatopoeic voice,  
very common in the  
Milanese dialect,  
used as an interlude  
when you want to  
emphasise that you  
have concluded  
something, with the  
meaning of 'that's it!'  
or 'there you go!'.**

**TAAC**  
CYCLING

*It imitates a short, dry noise, such as when we fasten our helmet, clip our shoe to the pedal or our bag to the bike carrier, ready to go.*

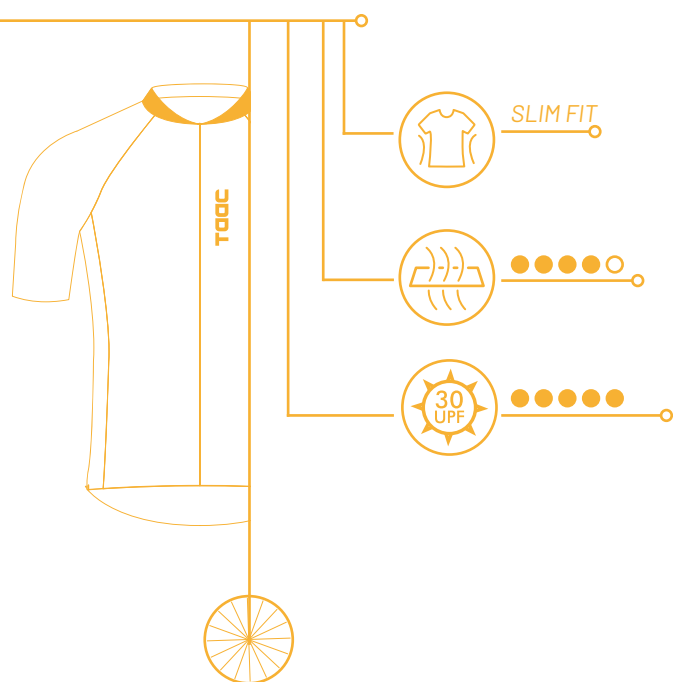

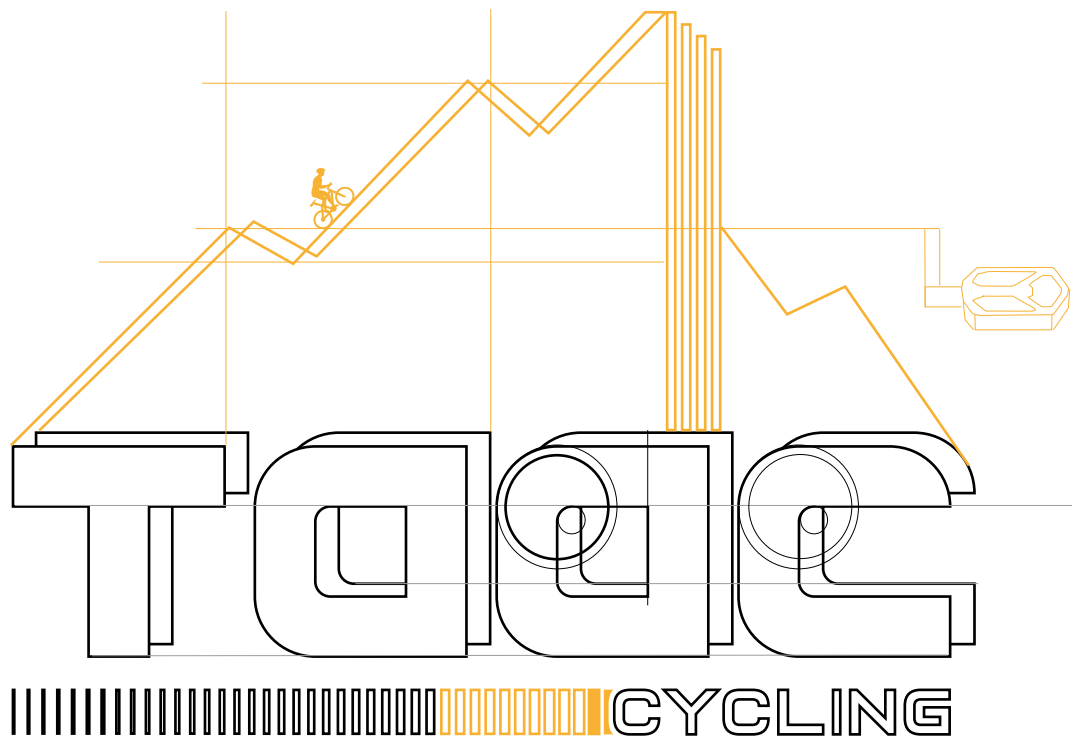

*It is usually accompanied by its characteristic Italian gesture.*

# MANDELLI LAB

*Our products are made by people who ride bikes for people who ride bikes. And we believe this makes a difference.*

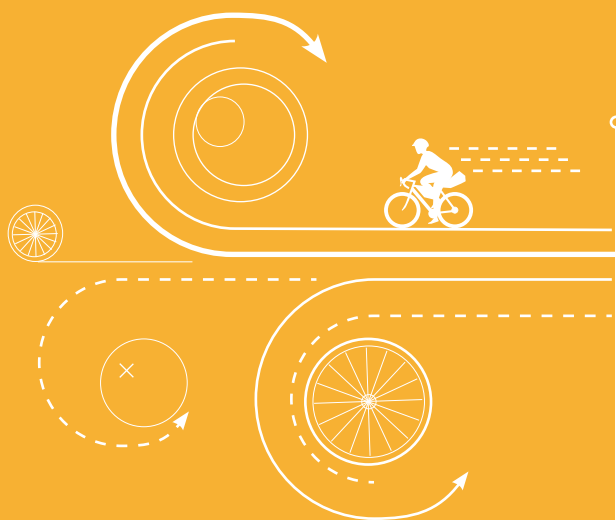

*We at **TAAC** are cyclists of different ages, different styles, but all driven by passion, fun and a practical spirit. And there you are, **TAAC**: these three components underpin all our long and painstaking R&D work.*

## ITALIAN DESIGN

Earth, wind and fire: nature inspired **TAAC's** all-Italian design. Because cycling leads us to plough the earth, to chase wind-swept clouds, to light a fire inside us. There you are, **TAAC**: one pedal stroke after the other, we feel at one with the world around us.

# THAT'S ALL ABOUT CYCLING

## CONTINUOUS INNOVATION

We have put all our passion, dedication and determination into it: hours and hours spent searching for the best materials, the most technical and most modern but also the most comfortable ones, taking care of every detail in the name of comfort, functionality and safety, studying the most original graphics and choosing the trendiest colours.

There you are, **TAAC**: in our products, every detail becomes a surprise of quality and style.

*STACCA, MENA, VOLA'...*  
**These are the words we use  
to encourage ourselves  
when we go out for a ride  
with friends.  
There you go, TAAC:  
the right **CLOTHING**  
immediately becomes the  
secret to pedalling with an  
extra gear.**

# GENERAL SALES CONDITIONS

## **Mandelli Srl.**

Via Tommaso Grossi, 5  
20841 Carate Brianza MB  
www.mandelli.net  
www.taacsport.com

These general terms and conditions apply to the sale of all products listed in the attached catalogue by Mandelli Srl. Modifications or changes to these general terms and conditions, or different conditions proposed by the customer, including order forms, shall not be valid unless expressly authorised in writing by Mandelli Srl.

Mandelli Srl reserves the right to amend these general sales conditions at any time, as well as the right to change the specifications or photographs of the products illustrated in this catalogue without prior notice.

The photos in this catalogue are for identification purposes only. The content of this publication may be not updated. No liability is accepted for errors or inaccuracies in this catalogue.

The reproduction of this catalogue or any part thereof by any means whatsoever is strictly prohibited.

In the event of on-line sales, the customer undertakes to acknowledge and retain these terms and conditions of sale in accordance with the provisions of Art. 3 and 4 of Legislative Decree 185/99 on remote sales.

## **ORDERS**

Orders must be received via B2B, indicating the complete item code for correct processing.

Acceptance of the order is subject to the "subject to approval by the seller" clause. Orders, changes or additions must be submitted online:

**<https://b2b.mandelli.net>**

Orders will be processed subject to availability at the time with no guarantee of settlement. In the event of momentary unavailability of some products ordered, they will be sent to the customer as soon as possible.

Claims for missing or damaged goods during transport will not be accepted if the carrier's delivery note does

not state the type of dispute or reserve for verification. The goods travel at the buyer's risk even if sold free port. Placing an order implies the customer's acceptance, without reservation, of the general terms and conditions of sale.

## **PRICES**

Prices are those in effect on the date of the order, are not binding, and may be updated, subject to prior notice, in case of changes of costs. Prices are for delivery of goods ex works, packaging excluded, unless otherwise agreed in advance.

## **PAYMENTS**

Payments shall be made to our tax residence, in the form and manner stipulated in the order acceptance. Non-fulfilment, even partial, of the terms of payment by the purchaser entitles us to suspend all pending sales orders. Interest on late payments will be charged at the current bank rate plus expenses.

## **WARRANTY**

Mandelli Srl guarantees that the products supplied are properly manufactured and functional. The warranty is automatically void in the event of tampering, incorrect assembly or use in racing competitions. The guarantee does not cover damage resulting from direct or indirect consequences of malfunctioning of the parts supplied and does not go beyond credit or replacement of the products found to be faulty. Mandelli Srl accepts no liability, nor does it recognise any compensation for damage occurring during the use of the products, even if they are found to be faulty.

## **RETURNS**

Any form of complaint, requests for product returns for defects or wrong deliveries must be received no later than 8 (eight) days after receipt of the material.

The return document must contain all delivery details. (Date • Delivery note number • Item code • Reason for return • Return authorisation number). Returns not previously authorised or incomplete will not be

accepted. Unauthorised returns will be returned to the sender at the recipient's charge.

Returns shall also not bear any type of customer identification label, including those relating to sales prices, shall not have any security tags and shall be intact and clean in all their parts and adequately packed for transport. Any processing due to removal of labels, security tags or other will be charged to the customer.

All directions necessary for the formulation of the return are in any case visible in the 'RETURNS' section of the B2B website, which can be consulted in the reserved area. TO MAKE RETURNS FOLLOW THE SPECIFIC DIRECTIONS.
